Flexible

The FD 1500 handles a variety of even panel forms up to 8 1/2" x 14" including checks, invoices, school reports, tax forms and appointment notices. Pressure seal mailers can be used for virtually any application that can be printed on one form. The extended fold plate processes uneven panel forms up to 8 1/2" x 14".

User-friendly Control Panel

Pressure Seal Solution

The AutoSeal® FD 1500, combined with a laser printer and pressure seal forms, creates a secure, time saving and efficient solution for paper processing.

Standard "Z" Fold Process

Dependable & Powerful

The FD 1500 is built with proven Formax technology. Heavy-duty steel construction offers the dependability and power expected of a larger unit in a smaller package. A processing speed of up to 85 forms per minute enables an operator to complete daily jobs in no time.

Easy to Operate

The FD 1500 is designed for user friendly operation. Simply set your folds according to the clearly marked settings on the fold plates, load your forms using the drop-in feed system, press start and you're on your way. The FD 1500 has LED indicators for power on, fault detection, paper out and cover open. It also includes a six-digit counter for audit control.

402 Series Jogger - an option which reduces static electricity from forms and aligns them for proper feeding
